**Football Rebooted**

Do you have any old football boots that your family have outgrown? Would you consider donating them to the Reboot programme? Boots may be sent into school with your child to be put into the Reboot Box which is located outside of the PE office.

The purpose of the Reboot programme is to stop football boots from going into landfill, instead recycling them so that they may be worn by others. Over 42% of parents say that the cost of football boots prevents their children being able to play football; the Reboot programme is knocking down that barrier by making boots free for others to wear. By donating, you are helping others to play.
